**INDUSTRY**

- Automotive
- Construction
- Glass
- Mechanical
- Metallurgy
- Utilities
- Warehousing and Distribution

**TRADES & APPLICATIONS**

- Automotive repairs and maintenance
- Light assembly of oil-coated pieces
- Mechanical and engineering
- HVAC
- Install electrical wiring
- Screw and nail setting
- Steel fixing
- Handling glass and windows

**STANDARDS**

Durability meets comfort with SHOWA's cut-resistant glove. Engineered with our revolutionary Hagane Coil® technology, every glove delivers excellent cut resistance and naturally fits the anatomy of your hand for maximum precision.

Cut

**INDUSTRY**

- Aerospace
- Automotive
- Construction
- Glass
- Mechanical
- Oil and Gas
- Railways
- Utilities

**TRADES & APPLICATIONS**

- Metal Stamping
- Demolition
- Repair glass and windows
- Steel fabrication
- Plate glass production
- HVAC
- Drilling
- Boiler maker

**STANDARDS**

Reinforced with a stainless steel liner, Kevlar® fibers and our patented Hagane Coil® technology, this SHOWA glove provides the highest degree of cut protection without sacrificing dexterity.
